Background

This event combining an ECI workshop on Innovation and Technology in Construction with COMIT’s Community Day provides an opportunity to hear about and discuss some of the latest developments in this fast moving sector. Presentations on 3D scanning, practical issues in the application of BIM and an integrated collaborative planning system are of particular relevance to the oil & gas, process and industrial engineering construction sectors.

Who should attend

Individuals involved in the design, procurement and delivery of projects

Programme

(Registration 09.30; start 10.00 - close 16.00)

- Welcome from our host, Bentley Systems - Iain Miskimmin, COMIT
- Introduction from ECI - Clive Winkler, ECI
- Welcome to new members and guests - Tony Shooter/Steve Slater, COMIT
